Subject: HDSC - Harden your Windows 10 Client

The Windows 10 client should have all Windows Updates installed.

Provide a screenshot in a business memo of the System information.

Provide a screenshot which shows the last time the Windows 10 client checked for Windows Updates and all Windows Updates are installed.

Enable the Windows Firewall. Block all inbound traffic.

Provide a screenshot showing the Windows Firewall is enabled and inbound traffic is blocked.

Enable Windows Defender. Make sure Windows Defender is running with the latest security definitions.

Provide a screenshot of Windows Defender on the Windows 10 computer that shows it is enabled and the timestamp for the active security definitions file.

Provide your response and screenshots in the form of a business memo.

Thank you.
